CAPE Business Network donates to KINFolk

On April 9, the CAPE Business Network presented a check to Jazette English and Kathy McNamara of KINFolk at the Ocean Grill Restaurant in Lewes. KINFolk is a charitable organization providing laptop computers and internet access to children who face serious medical challenges. These laptops help kids avoid the loneliness and depression an extended hospital stay can cause. To learn more about how you can volunteer, donate or support their efforts, visit www.kinfolkkids.org or contact Kathy McNamara at 298-7174. For more information on the CAPE Business Network or to join, contact President Danny Fisher at 215-694-6326 or dfisher@delawebdesigns.com.
